Subject: Request for Info - File # 0749-EX-ST-2018

Message:

You have requested confidentiality for the form itself. As a matter of policy, we will not withhold from public any information necessary for interference mitigation. This includes applicant name, contact info, location, frequency and power, all of which are contained within the form. If there is nothing in the form itself that cannot be released to the public, state this. If there is anything in the "Why STA is necessary" or "Purpose of Operation" text boxes that is confidential, you will have to request withdrawal of the application and refile, since this information must be available to the public and cannot be removed from the initial version of the application.

You will have to redo the confidentiality justification letter to reflect the changes required by the form not being confidential.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of April 27, 2018 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
