RE: CHANGE of MAILING ADDRESS

I just wanted to update the mailing address associated with my original Experimental license call sign WA2XMN (file # 0123-EX-RR-2010). I have recently moved and I just wanted the Commission to have the correct address info for any future correspondence concerning the license. My new contact info is as follows:

Steve Hemphill
Solid Electronics Laboratories
312 W. Wind Drive
Dover, DE. 19901-6687

(302) 674-9094 (O&F)

Thanks!
