Message:

1. You have marked the form itself confidential. As a matter of policy, we will not withhold from public any information necessary for interference mitigation. This includes applicant name, contact info, location, frequency and power, all of which are contained within the form. If there is nothing in the form itself that cannot be released to the public, state this. If there is anything in the "Why STA is necessary" or "Purpose of Operation" text boxes that is confidential, you will have to request withdrawal of the application and refile, since this information must be available to the public and cannot be removed from the initial version of the application.
2. The confidentiality justification is marked "confidential." The confidentiality justification must be viewable to the public. Submit a new confidentiality justification exhibit that is viewable to the public.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of April 26, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
