Dear Doug,

Is it possible to remove the confidentiality tag from each of these? I do not think anything that I am saying there is confidential. The research is based in one of three grants with one being the Air Force, but the work is not classified material. Hence, I would like to remove the confidential tag to all of these. Please let me know if you need me to go in and change it myself or if that is something you can do directly.

Thanks!

-Joe
