Subject: Additional Information Request

Message:

Hi Nimesh,

Thank you for this feedback.

The frequency range in the Spacecap is correct. The data entered on the application is not; thank you for calling this to my attention. The frequency difference has been resolved by entering the correct numbers in the application, done on July 25.

Re EMC analysis, the IARU Coordinatoin letter was received today, and it has been uploaded as an exhibit to the application.

Thanks,

Mike
