Subject: FCC file number 0250-EX-ST-2010

Message:

Mr. Kiechel,

Please verify and provide the correct emission designators, and the necessary bandwidths. The emission designator is greater than the necessary bandwidths requested. Also, please provide a new "start/end" date for the experimental, at least 15 days before the start of the experimental. We need 15 days (meaning when the application is in our hands) to work on it because we do have other companies; as well, waiting for their approval applications. We work as it comes, not randomly picked.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 18, 2010 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
