Dear Ms Hey,

This letter is to inquire into the status of our applications for Experimental Radio Services authority (Part 5 of the FCC Rules). We filed two applications for this service in July of this year on FCC Form 442 and received your acknowledgment of receipt of our applications by references (a) through (c).

To date, we have not received any further correspondence from your office concerning authority for the services requested.

Please advise if there is any additional information that you require from TDS Technologies, Inc in order to help expedite processing these requests. I can be contacted at our East Coast office, (757) 857-7666 or via e-mail at DMOORE@TDSSTEC.COM. Thank you for your attention in this matter.

David C. Moore
Technical Director
