To Whom it May Concern,

On behalf of Telesis Technologies Laboratory, please find enclosed Application for renewal (Form 405 and check for \$45.00, filing fee) of our Experimental License (Call Sign KM2XOF). Telesis Technologies Laboratory is a wholly owned subsidiary of Pacific Telesis Group. Since the License was issued Pacific Telesis was purchased by SBC Communications, Inc.

We require this renewal in order to continue with our experimentation as has been explained in our progress reports to the Commission. The next progress report is being prepared and should be forwarded to the Commission shortly.
