Re: Amendment to Pending Application for  
Experimental Authorization; Telex Communications,  
Inc; File Number 6228-EX-P/L-98.

Dear Mr. Huie:

Per our discussion, kindly amend Exhibit A of the pending FCC Form 442 Application for Experimental Authorization filed by the undersigned counsel to include the following information:

The instant experimental authorization is required in view of the fact that the device(s) for which the experimental authorization is sought are not presently type accepted under Part 74 of the Commission's Rules, nor has any other equipment authorization been granted by the Commission for this device.

Should any question arise concerning this amendment, or if further information is called for in order to process and grant the underlying application, kindly notify the undersigned.

Yours very truly,

Christopher D. Imlay

COMMENTS

Carl: Letter attached, constituting an amendment to the Application of Telex Communications, Inc. for Experimental Authorization. I understand that this is all that will be required to obtain a grant of this authorization. Thanks for your help!

Chris Imlay
