Re: Trimble Navigation Limited
Application for Experimental License (Form 442) and Request for
Expedited Treatment

To Whom It May Concern:

Transmitted herewith on behalf of Trimble Navigation Limited ("Trimble") is its application for an experimental radio authorization (FCC Form 442). Included with this application is a check in the amount of forty-five dollars (\$45.00) payable to the Federal Communications Commission in payment of the required filing fee for this application.

The U.S. government has significant interest in the testing of aeronautical pseudolite prototypes, as stated in Exhibit 2 of the application. In view of this expressed interest, as well as Trimble's need to conduct system checks and bench tests prior to the anticipated commencement of field tests in August 1998, Trimble respectfully requests expedited consideration of this application.

Also included in this package is a "Return Copy" of this application. Please date-stamp this copy and return it to the courier delivering this package.
