**Re: Application of Trimble Navigation Limited for Experimental Radio  
Authorization, File No. -----**

Dear Ms. Salas:

On behalf of Trimble Navigation Limited ("Trimble"), enclosed are the original and four copies of an amendment to Trimble's May 22, 1998 Application for Experimental License to test aeronautical radionavigation service "pseudolites" at several locations in the United States. In this amendment, Trimble replaces Exhibit No. 1 to its pending application with a replacement exhibit that (i) provides additional details of the test program; and (ii) substitutes several new locations at which tests will be conducted over the term of the authorization requested. Accompanying the replacement exhibit is a declaration signed by an officer of Trimble Navigation Limited.

Trimble has established an aggressive schedule for commencement of the test program described in its application. It hereby respectfully renews its request for expedited consideration of this application as amended.

LEVENTHAL, SENTER & LERMAN P.L.L.C.

Ms. Magalie Salas
