Trimble Navigation manufactures Standard-C equipment for use in marine application within the U.S. and abroad. This license is requested for the purposes of engineering and test and continued product development using fixed sites or marine vehicles. The Inmarsat, AMSC and Solidaridad systems will be used by this Standard-C equipment.

Inmarsat-C Land Mobile Earth Station Commissioning Application Form

Maritime users should use a maritime application form

Please type or use BLOCK CAPITALS. Forward to your national routing organization.
Explanatory notes are provided to assist you.

SECTION G. BILLING DATA

After satisfactory attempts have been made to resolve issues delaying payment for telecommunication services, LES operators have the right to suspend service to land mobile earth station users due to non-payment of invoices. Services will be reinstated only after a payment is received in full or an agreement is reached between the two parties.
