Subject: Request for Info - File # 0582-EX-CN-2020

Message:

We will be testing at 2 locations. First is our local development site at TSC in Huntsville, AL. Second, we will be meeting with our government contract Dan Shafer for a mobile test at PAX. The two units noted are a combined base and mobile piece as one is a locator (283000) and the other the tag/datalink (283150). Did I submit this in correctly? My intent was to show and state both locations and all of the 4 waveform types we would use.
