Dear Mr. Burtle:

My name is James Blumling. I am the engineer that submitted this application on behalf of Mr. Poli. On Sept 22 I did respond to the Sept 1 request, but as I stated in that response, I was having a problem getting through to the correct individual in the FAA. This process took awhile as I waited for return phone calls. My father, James Blumling, Sr., became very ill in early September and passed away on Sept 26. This contributed substantially to additional delays. I have obtained the name of a Donald Bristol (718-977-6611) of the FAA, have spoken with him and have provided him with the information suggested in the Sept 1 letter from Mr. Trevino. I apologize for the delay. Hopefully I will be able to obtain the NGT numbers soon. If you would please explain what I must do to pursue this license, it would be appreciated. Thank you.

Sincerely,
James Blumling
