Subject: Request for Info - File # 0148-EX-CR-2017

Message:

We have discovered issues with some of the frequencies, and many of the emissions on this license are no longer needed. Coordination with ASRI and FAA for a new license has been completed, and we have applied for a new license which corrects the issues with this license. We are withdrawing this application and will let this license expire.

V/R,

Dan Hankins
Spectrum Manager – Sr
Textron Aviation, Inc.
