RGR, the FRQs are good for the new STA. Use same coordination number.

Thanks Guillo,

Just to be clear, WM9XPD was an STA that expires next month. The FCC will likely assign a new callsign for the new 2-year license.

Hi Guillo,

We have an Experimental STA, callsign WM9XPD, to authorize Harris datalink radios in Wichita. A copy of the STA is attached. The program office has advised that we need continued authorization and have requested a 2-year experimental license. The same frequencies and parameters are good for us.
