Subject: Additional Information Request

---

Message:

Hello Nimesh,

I have spoken with the corresponding program and we will remove El Segundo and Chantilly from the new STA. As you noted, those were already approved and that was our mistake. The program feels that a STA is the appropriate license for the length of time for what they are doing. Please standby as I deleted the two additional locations mentioned above. Please let me know if there is any other concerns.

Regards,  
Elaine Malmrose
