Mr. Morris,

Please provide AFTRCC Coordination for the attached. This is a renewal request for WI2XRT to support testing of L-3's Air Net Rover and Vortex terminals. If you require further clarification, please contact me and I will get the information you need.

Mrs. Brown,

Please advise payment fee and instructions to Boeing License Accountant, Nate Miller at Nathan.A.Miller@boeing.com.

Let me know if you have any questions or need additional information.

I appreciate your help.
