

The Boeing Company

ATTN: Daniel McNeil

Global Spectrum Management

5300 International Blvd M/C 7817-2202

North Charleston, SC 29418

Application: 0070-EX-CN-2019

Location: Middletown, DE

Purpose: The purpose of this operation, is to conduct E³ testing of new or modified aircraft to ensure they are safe to operate prior to entering the NAS. Testing will be conducted on the ground utilizing an AN/USM-708 test set. Testing is not expected to be performed routinely, and when testing is conducted, tests should last less than 1 minute (actual radiation time). Testing will be performed on a Strict NIB.

Very Respectfully,

A handwritten signature in black ink, appearing to read 'D McNeil', written over a horizontal line.

Daniel McNeil
