Hi Sanil,
Our legal team had 1 question and some small changes. I'm including a red-lined version. See below for our question regarding section 8(b).
If you think it's faster, you can have your attorney contact Ms Gehman directly to work through any issues.
Let me know if you have any questions.
Thanks,
Sean

Hello Sean,

Attached please find my comments to the Spectrum Manager Lease Agreement.

Overall, the lease agreement is fair, and primarily reflects the appropriate FCC regulations. In addition to the comments in the document, I was wondering if you could ask your contact what was intended with 8(b)? It would be reasonable for APL to pay the FCC regulatory fees for prosecuting the lease application, but it's not immediately clear what other fees APL should commit to paying in this section.

Let me know if Verizon has further comments. If it is easier, feel free to have their attorney contact me directly.

Best,

Andrea
