Subject: Sirius XM Consent to Johns Hopkins University Applied Physics Laboratory Request for FCC Experimental STA, File No. 2079-EX-ST-2018

Frank,

Pursuant to our exchange earlier today, this is to advise you that Sirius XM consents to the above-referenced request by Johns Hopkins University Applied Physics Laboratory for an FCC experimental special temporary authority that will include use of the SDARS band, 2320-2345 MHz, for operations near Camden, Arkansas. This response can be provided to the FCC to confirm that coordination with Sirius XM has been completed.

Please let me know if you have questions.

Best regards,
Karis

Karis A. Hastings, Counsel for Sirius XM
