Subject: FCC File No. 0388-EX-ST-2021

---

Message:

Is there a 2-way communication (uplink/downlink) between ground station and aircraft? If yes, what are the frequencies being used for the aircraft?

What is the height of the aircraft Above Ground Level (AGL)? The MSL is a different referenced point than AGL.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of March 17, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
