

JHU APL RSSI Experiment

Exhibit A: Transmitter location and orientation in horizontal plane during experiment

- Transmitter location:
Fixed: N 39 59 20, W 77 40 56
- Flight operations area:
Hagerstown VOR (HGR/240/100) clockwise through HGR 330/100, HGR 060/100 back to HGR
- Antenna pointing and radiation in horizontal plane:
225° T clockwise through 57° T
