

**Exhibit B**  
**FCC Form 442**  
**FCC File Number: 0031-EX-PN-2021**

(v1.3)

**Exhibit Title: Contact Information – Government and Industry Parties**

The MITRE Corporation is conducting the study that is the subject of this Application under the sponsorship of the Federal Aviation Administration (FAA).

Contract Number: DTFAWA-10-C-00080

FAA Contract Monitor: R. Todd Lewis (ANG-C51); (202) 267-0875

MITRE has received written permission from the FAA to conduct the flight tests that are the core of the requested Temporary Authorization for a Waiver from 47 CFR § 22.925 .

=====

MITRE is coordinating the project’s planning and cell tower data requirements with the Cellular Telecommunications Industry Association (CTIA). They, in turn, have been very helpful in further coordination with the three major cellphone companies that provide service in the flight test area described in Exhibit A and in the Administrative Section of this Application. These companies will be providing technical data to MITRE for the cell towers in the flight test area.

CTIA Coordination Lead: Raj Sengupta, Director, Wireless Technologies; (240) 543-3470

Both of the individuals named above have agreed to answer any questions that the FCC may have in regard to this Application.
