

12/04/2018

To Whom It May Concern:

This is to certify that:

Total Terminals International is deploys and/or manages radio frequency equipment.

The RF experimentation will be conducted by following a strict Test Plan defined and Approved by Total Terminals International in a controlled environment.

Total Terminals International will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

Total Terminals International has extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe Total Terminals International meets the Eligibility criteria for a Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,

A handwritten signature in blue ink, appearing to be 'Feras Elfar', written over a light blue horizontal line.

Feras Elfar

Director of Networking and infrastructure
