Exhibit for Ground Station Application 0391-EX-CN-2020

Application 0391-EX-CN-2020 is to license the Totum Ground Station. The ground station will communicate with the TotumSat-1L payload on board the Loft Orbital YAM-3 satellite. Please refer to Loft Orbital - YAM-3 Application (SAT-LOA-20200907-00105). This is an application to license the operation of the TotumSat-1L hosted payload, as well as all other transmissions from YAM-3.

An initial version of the application, including the ODAR for YAM-3, has been posted as an exhibit to this application.
