Subject: Request for Info - File # 0300-EX-CN-2018

Message:

Trellisware Technologies ("Trellisware") hereby replies to OET's email (reference no. 41842) concerning experimental application no. 0300-EX-CN-2018, dated April 26, 2018. Trellisware has amended its application and submitted additional information to address OET's concerns as stated in that email:

1. The city and state were added to the application.
2. The 329-334 band has been removed - obviating FAA coordination.
3. Regarding the listed frequencies and corresponding emissions designators, each has been adjusted accordingly to ensure the bandwidths do not exceed the frequency bands.
4. Regarding MAG coordination, please note the military POC, Christopher Yates - this application is pursuant to a government contract.
