DISMISSED-WITHOUT PREJUDICE

Dear Jon Penner,

This refers to application, File No. 0799-EX-CN-2021, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. The application is dismissed because Military Association Group Chairman objected to authorize these bands. The subject request from Trellisware is not supportable. Trellisware needs to reach out the Army Sponsor to bring this request in line with the DoD channeling plan. These are wideband requirements that are not in compliance with the DoD channeling plan, Annex B.

Responses to this correspondence must contain the Reference number : 64883

Sincerely,

Anthony Serafini
