

**Withdrawal of
Modification to Add S-Band Authorization
and Notification of Additional Satellites
File No. 0157-EX-ML-2015 (Call Sign WH2XDU)**

Tyvak Nano-Satellite Systems Inc. (“Tyvak”) hereby requests the withdrawal of the above-captioned pending application. The application sought to modify Tyvak’s existing experimental license authority¹ by adding authority to conduct payload communications downlink (space-to-Earth) transmissions in the 2.2 GHz S-band. Tyvak no longer seeks such authority and therefore withdraws this application.

¹ Tyvak Nano-Satellite Systems LLC, Application for Authority for Ground Testing, Launch, and Operation of Experimental Non-Geostationary Low Earth Orbit Satellites, File No. 0194-EX-PL-2014, Call Sign WH2XDU (granted March 4, 2014) (“*PONSFD License*”).
