RE: ELS File No. 0424-EX-CN-2020 – Notification of Successful Launch of Umbra-2001

Dear Ms. Dortch,

As required by Special Condition (1) of Umbra Lab, Inc (“Umbra”) FCC satellite authorization for Umbra-2001 spacecraft, Umbra is pleased to certify to the FCC that (a) the Umbra-2001 satellite was successfully launched on a SpaceX launch vehicle from Cape Canaveral, Florida on June 30, 2021, and deployed in orbit shortly thereafter, and (b) operations conform to the terms and conditions of the FCC authorization. Contact with and positive control of the satellite has been established.

Sincerely,

/s/ Iulia Davies \_\_\_\_\_
