To James Lumpp

Dear Mr. Lumpp,

With pleasure I confirm the IARU frequency coordination for your satellite  
**KySat-3.**

Coordinated frequency for downlink and uplink: 437.450 MHz

Emission Designator: 12K0F1D

Output power: 1.5 Watt

Antenna Gain: -3 dBd

IARU has coordinated a frequency in a band allocated to the amateur satellite service. All frequencies in the amateur satellite service are shared frequencies.

Please inform me about the final launch date and the API/A number as soon as that information becomes available.

Best wishes for a successful project.

Hans Blondeel Timmerman  
IARU Satellite Advisor
