Subject: Additional Information Request

Message:

Please address the following questions and concerns:

- 1) For the 916 MHz downlink frequency, provide an interference analysis using the attached guide.
- 2) The applicant proposes to use the 916MHz, 2395 and 2397 MHz frequencies for Space Research, these frequencies are not allocated for Space Research, therefore please provide a compatibility study with authorized operations in those frequency bands.
- 3) Indicate the number of satellites in the Notice tab of the spacecap.
- 4) Complete the attached Additional data form for API

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 10, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
