Subject: Request for Info - File # 1524-EX-ST-2020

---

Message:

CReSIS has hired CommScope to assist with frequency coordination in the 3550-3700 MHz band. They will

- Analyze and identify all incumbents in the area of operation
- Notify other Spectrum Access System (SAS) administrators of experimental operation
- Notify incumbents of experimental operation
- Coordinate and address any potential interference to incumbents
