Mr. Ghaffari,

Thank You for the e-mail. Unfortunately, I have attempted on several occasions to upload PDF documents and received a response that the file was a Video file. This is the reason for the JPG. It is the only other choice.

I can send you the file via E-mail, if possible.

Please let me know ASAP. We would like to operate before the end of December, if possible, to collect data on our Project for a past-due Proposal.

Thank You.

George Blake
