Subject: FCC File No. 0564-EX-PL-2011

---

Message:

We received a request for frequency coordination with SBE. When I submitted the application, I simply forgot to include the letter I had already received from the SBE. I had anticipated the need for such coordination, and had already communicated with a Utah Frequency Coordinator prior to submitting the application. I have now added the attachment, associated with file number 0564-EX-PL-2011, as Myers\_Oct\_2011.pdf.
