United States

DISMISSED-WITHOUT PREJUDICE

Dear Steven C. Hemple,

This refers to application, File No. 0536-EX-ST-2021, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. The application is dismissed because International Bureau objects to authorize this license due to conducting tests on the 13.56 m antenna at full power level and pointing with an elevation angle of 90 degrees over the air without communications with an operational satellite.

Responses to this correspondence must contain the Reference number : 61242

Sincerely,

Anthony Serafini
Chief
Experimental Licensing Branch
