

To Whom It May Concern:

This is to certify that:

Visp Group is deploys and/or manages radio frequency equipment.

The RF experimentation will be conducted by following a strict Test Plan defined and approved by Visp Group in a controlled environment.

Visp Group will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

Visp Group has extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe Visp Group meets the Eligibility criteria for a Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,

A handwritten signature in black ink, appearing to read "M In-Albon".
