Subject: Request for Info - STA File #1386-EX-ST-2016

---

Message:

Your response to the previous request for info raised more questions. You say you want to “determine market penetration, value, and demand.” Experimental STAs are not supposed to be used to build out commercial systems. You also list only three units of equipment being used. You need to explain your last response in more detail and how it fits under the Part 5 experimental rules.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 23, 2016 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
