Subject: Additional Information Request

Message:

Hi Jeff,

Please make the changes in the transmitter Tab of your application itself
Enter the Geographical coordinates in Degrees Minutes Seconds for both antenna and enter radius of operation.

Your frequency request is broad. Please narrow this down.

In the application, it still says 400-960 MHz (antenna 1).

Please fill out the ERP for Antenna #2

I filled out the specs you provided for the Emission, Modulating Signal, Bandwidth. Please verify that is what you requested.

V/r,
Nimesh

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 15, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
