**APPLICATION FOR CONSENT  
TO TRANSFER OF *DE FACTO* CONTROL**

Liberty Media Corporation (“Liberty Media”) respectfully submits this application for consent to the transfer of *de facto* control of Sirius XM Radio Inc. (“Sirius”) and the various space station, satellite earth station, wireless, experimental and other Federal Communications Commission licenses and authorizations held by Sirius or its subsidiaries.<sup>1</sup> Liberty Media currently holds a substantial equity interest in Sirius pursuant to an Investment Agreement entered into in 2009. Certain restrictions set forth in the Investment Agreement, pursuant to which Liberty Media has not had *de facto* control over Sirius, expired on March 6, 2012.

---

<sup>1</sup> A list of the FCC licenses and authorizations held by Sirius and its subsidiaries is annexed as Exhibit 1. Sirius has refused to provide the passwords, signatures and other information required to prepare and file standard electronic applications for consent to transfer of *de facto* control because it does not believe that the applications are necessary or appropriate. Consequently, Liberty Media is filing paper copies of: (a) FCC Form 603 regarding the wireless licenses held by Sirius; (b) FCC Form 703 regarding the experimental licenses and authorizations held by Sirius; and (c) a request for waiver of the Commission’s rules requiring electronic filing of those application forms and the inclusion of certain information and signatures from the transferor and/or licensee on those application forms. With respect to the satellite and international licenses held by Sirius, the International Bureau has advised that any applications for consent to transfer of *de facto* control being filed by Liberty Media without the Sirius passwords and other information should be filed electronically, using the Special Temporary Authorization (“STA”) application form, rather than paper applications, and Liberty Media is filing those applications today as well.

Consequently, Liberty Media is filing this application to obtain Commission consent to the transfer of *de facto* control of Sirius from the current shareholders of Sirius to Liberty Media. Liberty Media commits to abide by the restrictions set forth herein precluding its *de facto* control over Sirius until the Commission acts upon this application, the application is withdrawn, or circumstances change and Liberty Media advises the Commission of the changed circumstances.

### INTRODUCTION AND BACKGROUND

Liberty Radio, LLC (“Liberty Radio”), an indirect wholly-owned subsidiary of Liberty Media, entered into an Investment Agreement with Sirius, dated February 17, 2009 (“Investment Agreement”), pursuant to which Sirius issued to Liberty Radio: (a) 1,000,000 shares of convertible Series B-1 Preferred Stock; and (b) 11,500,000 shares of convertible Series B-2 Preferred Stock.<sup>2</sup> The Investment Agreement recites that the Series B Preferred Shares would represent, on an as-converted basis, approximately 40% of the total outstanding common shares of Sirius. Investment Agreement at §3.2(c). The transaction, pursuant to which Liberty Radio acquired the preferred stock of Sirius, closed on March 6, 2009. To the best of Liberty Media’s knowledge, no other shareholder of Sirius owns 5% of its outstanding common stock.

Following the announcement of the transaction in 2009, the Commission staff informally inquired as to whether the transaction constituted a transfer of *de facto* control of Sirius to Liberty Media. At that time, counsel for Sirius and Liberty Media reviewed in detail

---

<sup>2</sup> Sirius filed the Investment Agreement with the Securities and Exchange Commission on March 10, 2009, as Exhibit 4.55 to its Form 10-K Report for the year ended December 31, 2008. The Series B-2 Preferred Shares subsequently were converted to Series B-1 Preferred Shares, such that Liberty Media currently holds 12,500,000 Series B-1 Preferred Shares.

with the Commission staff various provisions of the Investment Agreement, which precluded Liberty Media's *de facto* control of Sirius, as well as other provisions of the Investment Agreement and two related Certificates of Designation regarding the Series B-1 and B-2 Preferred Shares, respectively, which provided certain investor protections to Liberty Media.

The Investment Agreement includes certain provisions pursuant to which Liberty Radio agreed that "prior to the third anniversary of the Closing Date" (*i.e.* March 6, 2012) and subject to the provisions of Section 4.1(d), Liberty Radio and its Affiliates would not:

(1) "enter into or agree, offer, propose or seek...to enter into, or otherwise be involved in or part of, any acquisition transaction, merger or other business combination relating to all or part of the Company or any of the Company Subsidiaries or any acquisition transaction for all or part of the assets of the Company or any Company Subsidiary or any of their respective businesses;"

(2) "make, or in any way participate in, any 'solicitation' of 'proxies'...to vote or seek to advise or influence any person or entity with respect to the voting of, any voting securities" of Sirius;<sup>3</sup> or

(3) "call or seek to call a meeting of the stockholders of the Company or any of the Company Subsidiaries or initiate any stockholder proposal for action by stockholders of the Company or any of the Company Subsidiaries, form, join or in any way participate in a 'group'...with respect to any voting securities of the Company, or seek, propose or otherwise act alone or in concert with others, to influence or control the management, board of directors or policies of the Company or any Company Subsidiaries," again provided "that this subsection shall not be deemed to restrict the Preferred Stock Directors from participating as members of the Board of Directors and any committees thereof in their capacity as such."

Investment Agreement, §4.1(c).

---

<sup>3</sup> The Agreement states that "this subsection shall not be deemed to restrict (x) the Preferred Stock Directors from participating as members of the Board of Directors and any committees thereof in their capacity as such or (y) any Liberty Party from opposing publicly or privately, voting against and encouraging others to vote against any proposal of a third party regarding a merger or other business combination, or opposing publicly or privately any tender or exchange offer, regardless of whether such proposal or offer is supported by the Board of Directors." Investment Agreement, §4.1(c)(2). The Certificates of Designation regarding Liberty Media's Series B Preferred Shares provide that Liberty Media may designate a certain number of directors on the Sirius Board ("Preferred Stock Directors"), depending upon the number of Preferred Shares outstanding and the size of the Sirius Board. Currently, Liberty Media designates five of the 13 members of the Sirius Board of Directors.

The Investment Agreement also placed certain restrictions on Liberty Media's voting with respect to certain matters. Specifically, Liberty Media agreed that, prior to the third anniversary of the Closing:

(a) "Purchaser and each Liberty Party shall vote, or cause to be voted, or execute written consents with respect to, any shares of Common Stock that it Beneficially Owns (and which are entitled to vote on such matter) in favor of the election of each candidate designated, recommended or nominated for election by the Nominating and Corporate Governance Committee of the Board of Directors" of Sirius; and

(b) "Other than with respect to the right to designate the Preferred Stock Directors, neither Purchaser nor any Liberty Party shall (i) nominate or designate, (ii) vote for, or (iii) make, or in any way participate, directly or indirectly, in any 'solicitation' of 'proxies' to vote (as such terms are used in the rules of the SEC) or seek to advise or influence any person with respect to the voting of, any voting securities in respect of the election of, any candidate for election or appointment as a director except as provided in this Section 4.9."

Investment Agreement, §4.9. However, Section 4.9 does not "restrict the Preferred Stock Directors from participating as members of the Board of Directors and any committees thereof in their capacity as such." *Id.* In addition, the Certificates of Designations provide that the Series B Preferred Shares confer no right to vote for Sirius directors other than the Preferred Stock Directors. *See* Certificates of Designation at §11.

After reviewing these provisions and certain investor protections afforded to Liberty Media under the terms of the Investment Agreement and Certificates of Designations, the staff requested that Liberty Media confirm that it would not exercise *de facto* control of Sirius. By letter dated April 20, 2009, counsel for Liberty Media confirmed that, consistent with the provisions of the Investment Agreement and the Certificates of Designation, "Liberty Media and those parties defined as 'Liberty Parties' in the Investment Agreement will not exercise *de facto* control over Sirius and have no intention of doing so." The letter further stated that "[i]n the event that the facts and circumstances change in the future, Liberty Media will file those

applications with the FCC, if any, that are necessary and appropriate.” Letter from Robert L. Hoegle, Counsel for Liberty Media Corporation, to John Giusti, Acting Bureau Chief, International Bureau (Apr. 20, 2009).

The provisions of Section 4.1(c) and Section 4.9 of the Investment Agreement described above expired on March 6, 2012 (the third anniversary of the Closing Date of the transaction). Given the nature of those restrictions, their significance during the Commission staff’s informal inquiry in 2009, and the fact that they now have expired, Liberty Media is filing the current applications seeking consent to the transfer of *de facto* control of Sirius to Liberty Media.<sup>4</sup> However, until such time as the Commission acts upon the applications for consent to the transfer of control to Liberty Media, the applications are withdrawn, or circumstances change and Liberty Media advises the Commission of the changed circumstances, Liberty Media represents to the Commission that it will: (a) continue to abide by the provisions of Section 4.1(c) of the Investment Agreement set forth above at 3 (“Standstill Restrictions”); (b) either abstain from voting any common shares or vote such common shares in accordance with the provisions of Section 4.9 of the Investment Agreement (together, “Voting Restrictions”); and (c) refrain from acquiring shares of the Common Stock

---

<sup>4</sup> Liberty Media initially sought to file applications for consent to the transfer of *de facto* control of Sirius on or before March 6, 2012, but was unable to obtain from Sirius the passwords and other information needed to file electronic applications. On March 6, 2012, at the request of the Commission staff, Liberty Media filed a letter with the Commission stating that it would abide by certain provisions of the Investment Agreement and other restrictions until Commission staff communicated with Liberty Media regarding the appropriate means to file transfer of control applications without the passwords from Sirius, Liberty Media filed applications for consent to transfer of *de facto* control, or Liberty Media further advised the Commission. Sirius now has confirmed that it will not provide the passwords and signatures necessary to prepare and file standard electronic transfer of control applications because it disagrees that such applications are necessary or appropriate. Consequently, after consulting the Commission staff, Liberty Media is filing paper applications and the current waiver requests concerning the Sirius wireless and experimental licenses, and electronic applications concerning the satellite and international licenses using the International Bureau’s electronic STA application form, which does not require a password from Sirius.

of Sirius that would result in Liberty Media's Beneficial Ownership (as defined in Section 5.9(g) of the Investment Agreement) exceeding 49.9%.

## APPLICATION

As of December 31, 2011, Sirius had over 21 million subscribers. *See Sirius XM Radio Inc. Form 10-K for the Fiscal Year Ended December 31, 2011, filed with the Securities and Exchange Commission on Feb. 9, 2012, at 1-2.*

C. The Limitations in Sections 4.1(c) and 4.9 of the Investment Agreement Have Expired.

As noted above, when Liberty Media acquired the Series B Preferred Shares of Sirius in 2009, the Commission staff had inquired informally as to whether that acquisition constituted a transfer of *de facto* control of Sirius to Liberty Media. After a review of the limitations placed upon Liberty Media in Sections 4.1(c) and 4.9 of the Investment Agreement, the staff concluded that Liberty Media did not have *de facto* control over Sirius, which Liberty

Media confirmed in the April 20, 2009 letter. Although those provisions expired on March 6, 2012, Liberty Media has committed to abide by the Standstill Restrictions and the Voting Restrictions described above and to refrain from acquiring shares of the Common Stock of Sirius that would result in Liberty Media's Beneficial Ownership (as defined in Section 5.9(g) of the Investment Agreement) exceeding 49.9% until the Commission has acted upon Liberty Media's application for consent to the transfer of control of Sirius, the application is withdrawn, or circumstances change and Liberty Media advises the Commission of the changed circumstances.

Although not necessarily determinative, the size of a minority investor's ownership interest in a Commission licensee clearly is an "important element" in considering whether a party can exert *de facto* control over a Commission licensee. See *Benjamin L. Dubb*, 16 FCC 274, 289 (1951). For example, in the 2004 transaction between News Corporation Limited ("News Corp.") and Hughes Electronics Corporation ("Hughes"), News Corp. acquired a 34% interest in Hughes and its subsidiaries, including DirecTV. See *General Motors Corp. and Hughes Electronics Corp., Transferor, and the News Corporation Limited, Transferee*, 19 FCC Rcd. 473 (2004). The Commission noted that, as a result of the transaction: (1) no single shareholder would have a *de jure* controlling interest in Hughes either through a majority interest in voting stock or majority representation on the Hughes board; (2) News Corp. indirectly would control a 34% interest in Hughes; and (3) News Corp.'s former employee would serve as CEO of Hughes. *Id.* at ¶14. The FCC concluded that, "for purposes of the Communications Act," News Corp. would "exercise *de facto* control over Hughes" following completion of the transaction. *Id.*

The Commission reached a similar conclusion regarding *de facto* control in its 2008 order approving Liberty Media's acquisition of News Corp.'s ownership interest in DIRECTV. *See News Corp. and The DIRECTV Group, Inc., Transferors, and Liberty Media Corp., Transferee, for Authority to Transfer Control*, 23 FCC Rcd. 3265 (2008) ("*Liberty Media-DIRECTV Approval Order*"). Upon completion of that transaction, Liberty Media would hold a "40.36 percent interest in DIRECTV, making it the largest stockholder by far." *Id.* at ¶2. The Commission concluded that, "[b]y virtue of this interest, Liberty Media will have *de facto* control DIRECTV." *Id.* (emphasis added).

Here, the convertible Preferred Shares held by Liberty Media would constitute approximately 40% of the outstanding Common Stock of Sirius, by far the largest ownership interest held by any individual or entity. The remainder of the Sirius stock is widely held, such that no other person or entity holds 5% of the common stock of Sirius. Given the Commission's reliance in 2009 upon the provisions of Sections 4.1(c) and 4.9 of the Investment Agreement, the nature of those restrictions, and the fact that those restrictions expired on March 6, 2012, Liberty Media respectfully requests the Commission's consent to the transfer of *de facto* control of Sirius to Liberty Media.<sup>6</sup>

D. Grant of This Application Will Serve the Public Interest.

Under Section 310(d) of the Communications Act, the Commission must determine whether the transfer of *de facto* control of Sirius to Liberty Media will serve the public

---

<sup>6</sup> In addition to holding the licenses identified in Exhibit 1 hereto, Liberty Media understands that Sirius and/or its licensee subsidiaries have filed with the Commission certain pending applications and petitions and may file additional applications or petitions with the Commission in the future. Accordingly, Liberty Media requests that the Commission, in acting upon this application, include authority for the transfer of *de facto* control of: (1) any license or authorization issued to Sirius and/or its licensee subsidiaries during the pendency of this application prior to grant of the application or during the period specified in the Commission's rules for consummation following approval; and (2) any applications, petitions or other filings that have been filed by Sirius and/or its licensee subsidiaries and that are pending at the time of the consummation of the proposed transfer of *de facto* control.

interest, convenience and necessity. See 47 U.S.C. §310(d). The public interest analysis requires the Commission to determine initially whether the transaction violates the Communications Act, other applicable statutes, or the Commission's rules. See, e.g., *Liberty Media-DIRECTV Approval Order*, at ¶22. If the transaction does not violate a statute or regulation, the Commission will consider whether the transaction will result in public interest harms by frustrating or impairing the objectives or the implementation of the Communications Act. *Id.* The Commission then will balance the proposed transaction's potential public interest harms and potential public interest benefits. *Id.*

At the outset, the proposed transfer of *de facto* control of Sirius to Liberty Media does not violate the Communications Act or any Commission rules or policies. It does not implicate any aggregation, cross-ownership, multiple ownership, antitrust or similar restrictions in the Communications Act, the Commission's rules, or the antitrust statutes. Liberty Media's potential acquisition of *de facto* control of Sirius will not adversely affect the "well-recognized public interest benefits" cited by the Commission in approving the Sirius-XM merger. See *Applications for Consent to the Transfer of Control of Licenses from XM Satellite Radio Holdings Inc., Transferor, to Sirius Satellite Radio Holding, Inc., Transferee*, 23 FCC Rcd. 12348 (2008), at ¶¶83, 88.

The Media Bureau recently noted that the audio services "marketplace has evolved since the [Sirius-XM] merger closed, and consumers now have additional audio entertainment choices:"

Indeed, it appears that since the *Merger Order* new audio services have emerged as viable consumer alternatives, including smartphone Internet streaming applications that can be used in mobile environments such as automobiles equipped with user-friendly interfaces. For example, Pandora Media Inc....which provides audio services via Internet streaming and smartphone apps, has demonstrated remarkable growth in popularity in the years since the

merger. Other examples of apps that have emerged as alternatives since the *Merger Order* include Rhapsody, Slacker, Last.fm, and iheartradio. Ford, Toyota, MINI, GM, Mercedes-Benz, and Hyundai are introducing Internet-based streaming services in their vehicles. In addition, data suggest that HD radio has increased since the merger.

*See Applications for Consent to the Transfer of Control of Licenses, XM Satellite Radio Holding Inc., Transferor, to Sirius Satellite Radio Inc., Transferee*, 26 FCC Rcd. 10539 (Med. Bur. 2011), at ¶7 (notes omitted). Liberty Media's acquisition of *de facto* control of Sirius XM will not adversely affect competition in the audio services marketplace.

Liberty Media is qualified to hold a *de facto* controlling interest in Sirius-XM. Liberty Media and its current and previous subsidiaries have held numerous classes of FCC licenses. The FCC approved Liberty Media's qualifications to exercise *de facto* control of DIRECTV in 2008.<sup>7</sup> *See Liberty Media-DIRECTV Approval Order*. In accordance with the provisions of the Investment Agreement, Liberty Media made a substantial investment in Sirius in 2009 in return for an equity interest in the company. The Commission has recognized that it is "axiomatic" that an investment should "fairly reflect the benefits that [the investor] expects to receive in return for its investment." *See, e.g., Applications of GWI PCS, Inc. For Authority to Construct and Operate Broadband PCS Systems Operating on Frequency Block C*, 12 FCC Rcd. 6441 (WTB 1997), at ¶9. Likewise, the Commission has recognized that it is in the public interest for the Commission's transfer of control procedures to facilitate investment in

---

<sup>7</sup> Section 310(d) of the Communications Act requires that the Commission consider a transfer of control application as if the proposed transferee were applying for the licenses directly. *See, e.g., Application of Comcast Corp., General Electric Co. and NBC Universal, Inc., For Consent to Assign Licenses and Transfer of Control of Licenses*, 26 FCC Rcd. 4238 (2011), at ¶22 n.42. Liberty Media has provided the requisite "transferee" information in this narrative, as well as in the paper applications regarding the Sirius wireless and experimental licenses to which this narrative is attached, and in the electronic STA application forms regarding the Sirius satellite and international licenses and authorizations, to which this narrative also is attached. Because the Commission evaluates a transfer of control application based on the qualifications of the transferee, and Sirius has refused to cooperate in the filing of the applications, Liberty Media has not completed the transferor and licensee portions of the application forms, except to provide the licensee name and FRN. However, the licensee and the transferor information should be a matter of public record at the Commission.

entities licensed by the Commission and to permit investors to recognize the full value of their investments. *See, e.g., AmericaSky Corp., Application for Authority for Transfer of Control*, 11 FCC Rcd. 21134 (Int'l Bur. 1996), at ¶20. Therefore, Liberty Media respectfully requests grant of its application for transfer of *de facto* control of Sirius.

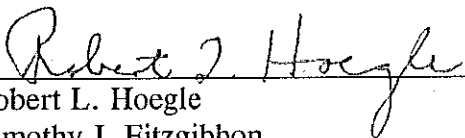

#### CONCLUSION

With convertible Preferred Shares equivalent to 40% of the outstanding common stock of Sirius, Liberty Media is by far the largest single shareholder of the Company, whose stock otherwise is widely held. The provisions of Sections 4.1(c) and 4.9 of the Investment Agreement, upon which the Commission relied in 2009 in concluding informally that Liberty Media did not have *de facto* control of Sirius, have expired. Grant of this application is in the public interest. For the reasons set forth above, Liberty Media respectfully requests that the Commission grant this application for consent to the transfer of *de facto* control of Sirius.

Respectfully submitted,

**Waiver Request**

Liberty Media Corporation submits the attached request for a waiver of the FCC electronic filing and signature requirements for Office of Engineering and Technology applications.

Before the  
FEDERAL COMMUNICATIONS COMMISSION  
Washington, DC 20554

Application of	)	
Liberty Media Corporation	)	File Nos.
For Consent to Transfer of <i>De Facto</i>	)	Docket No.
Control of Sirius XM Radio Inc.	)	
	)	

REQUEST FOR WAIVER OF ELECTRONIC FILING AND  
TRANSFEROR/LICENSEE SIGNATURE REQUIREMENTS FOR  
APPLICATIONS FOR CONSENT TO TRANSFER OF *DE FACTO* CONTROL

Pursuant to Sections 1.3 and 1.925 of the Commission's Rules, Liberty Media Corporation ("Liberty Media") respectfully requests a waiver of the Commission's rules to allow the filing of: (a) paper rather than electronic applications for consent to transfer of *de facto* control of certain wireless radio and experimental licenses or authorizations held by Sirius XM Radio Inc. ("Sirius") and/or its licensee subsidiaries; and (b) applications that do not contain certain transferor and/or licensee information or authorized signatures. The Commission should grant these waiver requests and accept the paper versions of the applications without the transferor and/or licensee information and authorized signatures because Sirius has refused to provide certain passwords, signatures and other information required in order to generate and file the electronic versions of the applications for consent to the transfer of *de facto* control to Liberty Media.<sup>1</sup>

---

<sup>1</sup> A list of the FCC licenses and authorizations held by Sirius and/or its subsidiaries is annexed as Exhibit 1, and this waiver request applies to the wireless and experimental licenses included in that list. The International Bureau indicated that if Liberty Media is unable to obtain the passwords and other information from Sirius needed

Section 1.3 of the Commission's Rules states that the Commission may waive any provision of its Rules, either on its own motion or in response to a petition demonstrating "good cause" for the waiver requested. 47 C.F.R. §1.3. The Commission generally finds that good cause exists for a waiver of its rules "where the particular facts make strict compliance inconsistent with the public interest" under the circumstances presented, and "when the relief requested would not undermine the policy objective of the rule in question." *See, e.g., Enhanced 911 Calling Systems*, 20 FCC Rcd. 7709 (2005), at ¶9. The party seeking a waiver must show that, due to "unique or unusual factual circumstances," application of the rule would be "inequitable, unduly burdensome or contrary to the public interest," or would leave the applicant with "no reasonable alternative." *See* 47 C.F.R. §1.925(b); *see also WAIT Radio v. FCC*, 418 F.2d 1153 (D.C. Cir. 1969), *appeal after remand*, 459 F.2d 1203 (D.C. Cir. 1972), *cert. denied*, 409 U.S. 1027 (1972) (agency discretion to proceed through general rules "is intimately linked to the existence of a safety valve procedure for consideration of an application for exemption based on special circumstances").

As set forth below, Liberty Media is unable file standard electronic applications for consent to the transfer of *de facto* control of the licenses and authorizations held by Sirius because Sirius has refused to provide the passwords and other information needed to generate and file the electronic application forms. Consequently, Liberty Media respectfully requests a waiver of the electronic filing rules and any regulations requiring the inclusion of transferor and licensee information and signatures in the application forms. Simultaneously with this waiver request, Liberty Media is filing: (a) paper versions of FCC Form 603 and FCC Form

---

to file electronic versions of FCC Form 312, Liberty Media must use the electronic application form for a Special Temporary Authorization ("STA"), rather than filing paper applications, if it files applications for transfer of control of the satellite and earth station licenses and authorizations held by Sirius.

703, seeking consent to the transfer of *de facto* control of the wireless and experimental licenses and authorizations held by Sirius; and (b) separate electronic applications seeking consent to the transfer of *de facto* control of the satellite and earth station licenses held by Sirius, using the electronic STA application form.

As set forth more fully in a narrative exhibit to each of those applications, Liberty Media currently holds a substantial equity interest in Sirius, which it first acquired in 2009. At that time, the Commission staff had inquired informally as to whether Liberty Media's acquisition of that interest constituted a transfer of *de facto* control of Sirius to Liberty Media.<sup>2</sup> Counsel for Sirius and Liberty Media reviewed with the Commission staff certain limitations that were placed upon Liberty Media in the Investment Agreement in 2009, and the staff ultimately concluded that Liberty Media did not have *de facto* control over Sirius, which Liberty Media confirmed in a letter to the Commission dated April 20, 2009. However, the restrictions placed upon Liberty Media in the Investment Agreement expired on March 6, 2012, the third anniversary of the Closing Date in the Investment Agreement. Given the nature of those restrictions, the significance placed upon them by the Commission staff in the 2009 informal inquiry, and the fact that the restrictions have now expired, Liberty Media is seeking Commission consent to the transfer of *de facto* control of Sirius from the current shareholders of Sirius to Liberty Media.<sup>3</sup>

---

<sup>2</sup> Section 310(d) of the Communications Act, 47 U.S.C. §310(d), prohibits the transfer of control of any corporation holding a Commission license, "except upon application to the Commission and upon finding by the Commission that the public interest, convenience and necessity will be served thereby."

<sup>3</sup> Liberty Media initially sought to file applications for consent to the transfer of *de facto* control of Sirius on or before March 6, 2012, but was unable to obtain from Sirius the passwords and other information needed to file the electronic applications. On March 6, 2012, at the request of the Commission staff, the Liberty Media filed a letter with the Commission stating that it would continue to abide by certain provisions of the Investment Agreement and other restrictions until the Commission staff communicated to Liberty Media its suggestions regarding the appropriate means to file transfer of control applications without the passwords from Sirius, Liberty

As set forth in Exhibit 1, Sirius and/or its subsidiaries currently hold certain wireless radio licenses issued by the Commission. Section 1.913 of the Commission's Rules requires applications for transfer of control of wireless licensees to be submitted on FCC Form 603 and to be filed electronically via the Commission's ULS system. However, the Commission's ULS system requires the use of a password belonging to the transferor in order to generate and file an electronic application on FCC Form 603. Because Sirius has refused to provide the password information to Liberty Media, the ULS filing system is not available for use by Liberty Media. Consequently, Liberty Media has set forth all of the information required of the transferee in FCC Form 603 in paper applications, copies of which are contained in Exhibit 2 hereto, and respectfully requests that the Commission waive the electronic filing requirements in Section 1.913 of the Rules and accept the paper applications in lieu of electronic filings. Liberty Media further requests that the Commission waive the signature requirements of Section 1.917 of the Commission's Rules and accept those applications for filing without the signature of an authorized representative of Sirius and/or its licensee subsidiaries.<sup>4</sup>

Sirius and/or its subsidiaries also hold certain experimental licenses and authorizations, as set forth in Exhibit 1. Section 5.59(e) of the Commission's rules requires applications for consent to transfer of control of an entity holding an experimental license to be filed on FCC

---

Media filed applications for consent to transfer of *de facto* control, or Liberty Media further advised the Commission. Sirius now has confirmed that it will not provide the passwords and signatures necessary to prepare and file standard electronic transfer of control applications. Consequently, Liberty Media is filing paper applications and the current waiver requests for the Sirius wireless and experimental licenses, and electronic applications for the satellite and earth station licenses using the International Bureau's electronic STA application form, which does not require a password from Sirius.

<sup>4</sup> Because the Commission evaluates a transfer of control application based on the qualifications of the transferee, and Sirius has refused to cooperate in the filing of the applications, Liberty Media has not completed the transferor and licensee portions of the application forms other than providing the licensee name and FRN. However, the licensee and the transferor information required by the application forms should be a matter of public record at the Commission.

Form 703, and Section 5.55 requires applications concerning experimental licenses and authorizations to be submitted electronically. In addition, experimental license applications must be signed in accordance with Section 5.57. Again, Liberty Media cannot generate and file the electronic version of FCC Form 703 without certain password information that Sirius has refused to provide. Liberty Media has set forth all of the information required of the transferee on FCC Form 703 in paper applications, copies of which are contained in Exhibit 3 hereto. Liberty Media respectfully requests the Commission to waive its electronic filing and signature requirements and accept the paper applications in lieu of electronic applications bearing the signatures of the transferor and/or licensee.

Finally, Liberty Media understands that Sirius and/or its licensee subsidiaries have filed with the Commission certain pending applications and petitions and, following the filing of this application, may file additional applications or petitions with the Commission. Accordingly, Liberty Media requests that the FCC, in acting upon this application, include authority for the transfer of *de facto* control of: (1) any license or authorization issued to Sirius and/or its licensee subsidiaries during the pendency of this application prior to grant of the application or during the period specified in the Commission's rules for consummation following approval and (2) any applications, petitions or other filings that have been filed by Sirius and/or its licensee subsidiaries and that are pending at the time of the consummation of the proposed transfer of *de facto* control.

Liberty Media will pay all applicable Commission filing fees in connection with the paper applications described herein and the electronic transfer of control applications being filed with the International Bureau on the electronic STA application forms. Given its inability to use the Commission's standard electronic application filing systems absent cooperation by

Sirius, Liberty Media requests that the Commission waive its electronic application filing and signature rules and accept the attached paper applications for consent to *de facto* transfer of control of the various wireless and experimental licenses held by Sirius and/or its licensee subsidiaries without the signature of the transferor and/or licensee.
