Date: January 24, 2005

Subject: FCC File # 0256-EX-PL-2004

Message:

Dear Mr. Art Snow:

Pursuant to our telephone conversation today, January 24, 2005, please reduce the area of operation for this experiment to specific areas in California, for example, a fixed location at a geographical coordinate. Also, please explain the reason for which this license would be used, for example, to test custom-built and commercial-off-the-shelf antennas.

Please explain the purpose for requesting an effective radiated power of 1000 watts for all frequencies and, if possible, please request a lower wattage.

Also, please justify the need for a five-year license as opposed to a two-year license.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of January 24, 2005 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
