Message:

The justification for testing 4G LTE signals in the Fed Government allocated bands builds on 5 year of demonstrated history of 4G LTE signals in the Fed Government allocated bands starting in 2015 with Department of Justice (DOJ) and Department of Defense (DoD) and the prior STA 0946-EX-ST-2018 and STA 0358-EX-ST-2020. This upcoming test combines 4G LTE signals in Fed Government allocated bands with Battelle DoD funded technology as part of the test. The Battelle POC is Doug Thornton, Ph.D. Office: 614.424.5913, Mobile: 614.832.1094, thorntond@battelle.org.
