Subject: Government objection

Message:

NTIA objects to this request due to potential interference to government licensees in the area. Is it possible to further refine the power and area of operation to reduce potential interference to users of the band? Is indoor only use feasible with minimal power?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of March 16, 2005 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
