Dear Doug:

Attached is a new Exhibit 1 for our submittal. I've added the line that this equipment is for export only. Please let me know if you think its OK or it needs further modification.

Thanks for your help.

Don

A handwritten signature in cursive script, appearing to read "Don Beardshear".

Dear Doug,

Attached is a letter which I hope answers your concerns about any possible interference between our testing and others who may be operating in the area and in the same frequency band. Please let me know if this will get our application moving again as we are very close to the test phase of our project.

Don Beardshear

A handwritten signature, appearing to be "Q" followed by a horizontal line, representing Don Beardshear.
