To: Julius Knapp, Deputy Chief
Office of Engineering and Technology

*Federal Communication Commission
Bureau / Office*

REQUEST FOR WITHDRAWAL OF PETITION FOR RECONSIDERATION

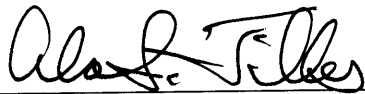

Aegeus Corporation ("Aegeus") through counsel, hereby respectfully submits the following request to withdraw the previously filed Petition for Reconsideration regarding the Commission's grant of Aegeus call sign WD2XMG.

After review and discussion with representatives from the Office of Engineering and Technology ("OET"), it is in best interest of both Aegeus and the Commission to have the previously filed petition withdrawn. This request will reduce the drain on Commission resources and allow OET and Aegeus to move forward with regards to the modification application for call sign WD2XMG, currently on file under file number 0020-EX-ML-2005.

Aegeus respectfully requests the Commission accept this withdrawal and proceed with the "grant in part" processing of the modification request for call sign WD2XMG, OET file number 0020-EX-ML-2005.

Respectfully submitted,

AEGEUS CORPORATION
