Subject: Additional Information Request

---

Message:

Per the request to revise the STA description, the following is submitted:

There is a regular, continuing series of events being supported by this STA, all within the radius specified in the existing application. The video transmitted within the studios will be in support of the following televised programs, regularly filmed during the entirety of the STA period:

1. At TV City (CBS) studios in Los Angeles: American Idol and The Price is Right.
2. Universal Studios Hollywood, at Universal Studios Plaza: The Voice
3. At Red Studios Hollywood, 846 N Cahuenga Blvd, Los Angeles, CA 90038: Masked Singer
4. At Union Station in Los Angeles: The Academy Awards.

With the exception of the Academy Awards, which is a one-time event to be held on April 25, the filming for the rest of the television productions is essentially continuous throughout the period specified in the STA application. It is not anticipated that this frequency range will be utilized after this one extension of WR9XBV.
