

Aerial Video Systems, Inc
STA Application – 1525-EX-ST-2026

Narrative Explanation of Operation
NFL: 2026 – 2027 Season (Amazon, NBC and CBS)
September 6, 2026, through February 1, 2027

This application proposes the use of the band 3350 – 3400 MHz for short-range video relay in connection with video production by the applicant of NFL – Amazon Thursday Night Football, NBC Sunday Night Football and CBS Sports Sunday NFL Football to be held at the following venues on the dates provided. Please see attached NFL schedules for Amazon TNF and NBC SNF. Both were added as attachments to this application. The CBS NFL schedule is released based on match ups. In order to accommodate all the NFL stadiums, I have attached an additional excel with the coordinates for all stadiums.

The periods include setup and testing prior to the event. This is a major event televised worldwide. Should any authorized entity using this band report interference during the proposed operations, operation on the offending channel will immediately cease and not resume unless and until the interference complaint is resolved to the satisfaction of the authorized user.

Other licensed channels normally used for video production in this frequency range are not available for this event due to their use by other licensees and authorized services.

The stop buzzer contact for this operation is Mr. Trevor DeEll who can be reached at 203-258-1951 or by e-mail at tdeell@nepgroup.com
