Dear Mr. Wright:

Attached is an application for an experimental station to be used by ARINC at the FAA Technical Center, Atlantic City, New Jersey to investigate techniques for improving the accuracy of the Global Positioning Satellite Service. ARINC requests that you expedite processing of this application, or issue a temporary authority pending final action. We would like to begin operation of this station on or about September 1, 1995.

Sincerely,

Richard L. Neat
Manager, Frequency Engineering
