

Aerospace & Flight Test Radio Coordinating Council
Exhibit A
Request for Special Temporary Authority (STA)

REQUEST FOR SPECIAL TEMPORARY AUTHORITY

On July 2, 2010, Aerospace & Flight Test Radio Coordinating Council (AFTRCC) was granted Special Temporary Authority for a 4-month period to perform intermittent telemetry testing to measure attenuation, propagation characteristics, and equipment operation within a 1 mile radius of Johns Hopkins University Applied Physics Lab in Laurel, Maryland. AFTRCC hereby requests an additional STA to permit testing at a second location at 1200 Wilson Boulevard in Arlington, Virginia. The stop buzzer contact to terminate operations is Dr. Dan Jablonski, 240-228-6907. AFTRCC coordination has been completed and a copy is attached as Exhibit B.
