Subj.: **License Application mailed 9/17/97**

I talked to Nancy Hay (202-418-2432) today about the status of the San Diego Air Pollution Control District's application for an experimental license. Nancy said she had no record of receiving our mailing of 9/17/97 and advised I re-submit the application package. I am therefore mailing a second application packet. Please find packet enclosed and cover letter of 9/17/97.

Sincerely,

A handwritten signature in cursive script that reads "Don White". The signature is written in black ink and is positioned above the printed name.
